IN CONGRESS, JULY 4, 1776

The unanimous Declaration of the thirteen united States of America

When in the course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation. We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundations on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all reference hath hitherto been to past and present grievances, and their redress, and not to the future. But when a long train of abuses and usurpations, pursuing invariably the same Object, evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this let Facts be submitted to a candid world. — He has refused his Assent to Laws, the most wholesome and necessary for the public good. — He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended on their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them. — He has refused to pass other Laws for the accommodation of large districts of People, unless those People would relinquish the right of Representation in the Legislature, a right inseparable to them and premeditated to deny them. — He has called together legislative Bodies at places unusual, uncomfortable, and distant from the depository of their Public Records, for the sole purpose of fatiguing them into compliance with his measures. — He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the People. — He has refused for a long time after such dissolutions, to cause others to be elected; whereby the Legislative Powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within. — He has endeavored to prevent the Population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands. — He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers. — He has made Judges dependent on his Will alone, for the tenure of their Offices, and the amount and payment of their salaries. — He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our People, and eat out their substance. — He has kept among us, in times of peace, Standing Armies, without the Consent of our Legislatures. — He has affected to render the Military independent of and superior to the Civil power. — He has combined with others to subject us to a jurisdiction foreign to our Constitution, and unacknowledged by our Laws; giving his Assent to their Acts of pretended Legislation: — For Quartering large bodies of armed troops among us: — For protecting them by a cruel Trial, from punishment for any Murders which they should commit on the Inhabitants of these States: — For cutting off our Trade with all parts of the world: — For imposing Taxes on us without our Consent: — For depriving us in many cases of the benefits of Trial by Jury: — For transporting us beyond seas to be tried for pretended offences: — For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its frontiers, so as to make it at once an example and fit instrument for introducing the same absolute rule into these Colonies: — For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments: — For suspending our own Legislatures, and declaring themselves invested with powers to legislate for us in all cases whatsoever. — He has abdicated Government here, by declaring us out of his Protection and waging War against us. — He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our People. — He is at this time transporting large Armies of foreign Mercenaries to complete the works of death, desolation and tyranny, already begun with circumstances of cruelty, perfidy, and insupportable oppression, and utterly unworthy the Head of a civilized nation. — He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands. — He has excited domestic insurrections amongst us, and has endeavored to bring on the Inhabitants of our frontiers the merciless Indian Savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes and conditions. In every stage of these Oppressions We have Petitioned for Relief in the most humble terms: Our repeated Petitions have been answered by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free People. Nor have We been wanting in attention to our British Brethren. We have warned them from time to time of attempts by their Legislature to extend an unwarrantable Jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of conciliation. We must therefore acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends.

We, therefore the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

"The Spirit of '76" lives. Today we are a nation of free people. Yet, we are one in country, purpose and spirit. Even though we sometimes quarrel among ourselves, we stand together in the face of the enemy. Even though we are different, we are Americans.

There are so many things about America, we'd like to tell you of . . .

But, we have made a choice to tell you a story about the spirit felt throughout the United States of America.

"The Spirit of '76."

"The Spirit of '76" 1776 or 1976?

Which is the true spirit?

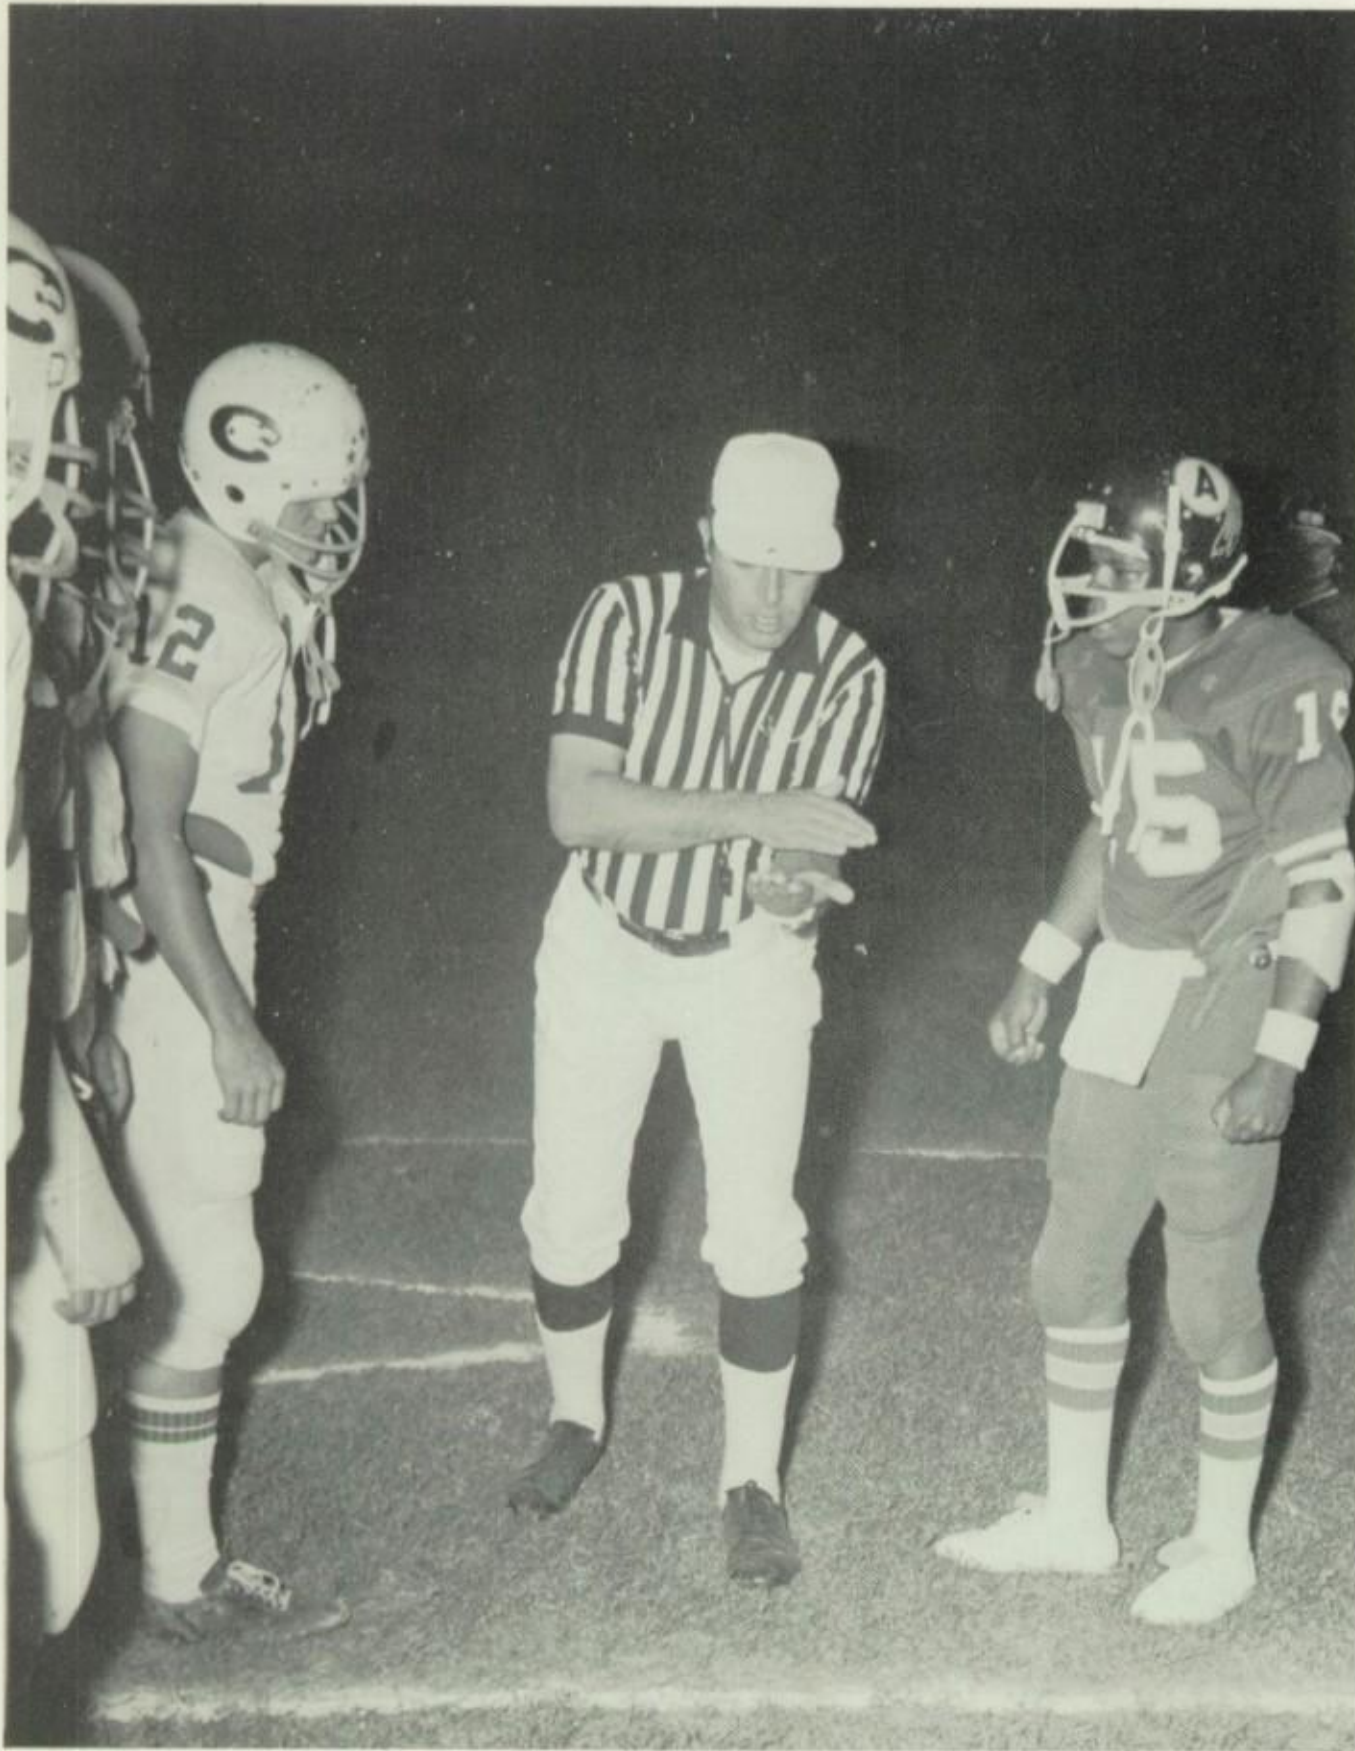

Over two hundred years ago our founding fathers fought and died for an impossible dream—

A free country.

As July 4, 1776 came near, a dream and a spirit began to grow.

A spirit of Liberty, of Freedom, and of Country began to become reality.

It was "The Spirit of '76."

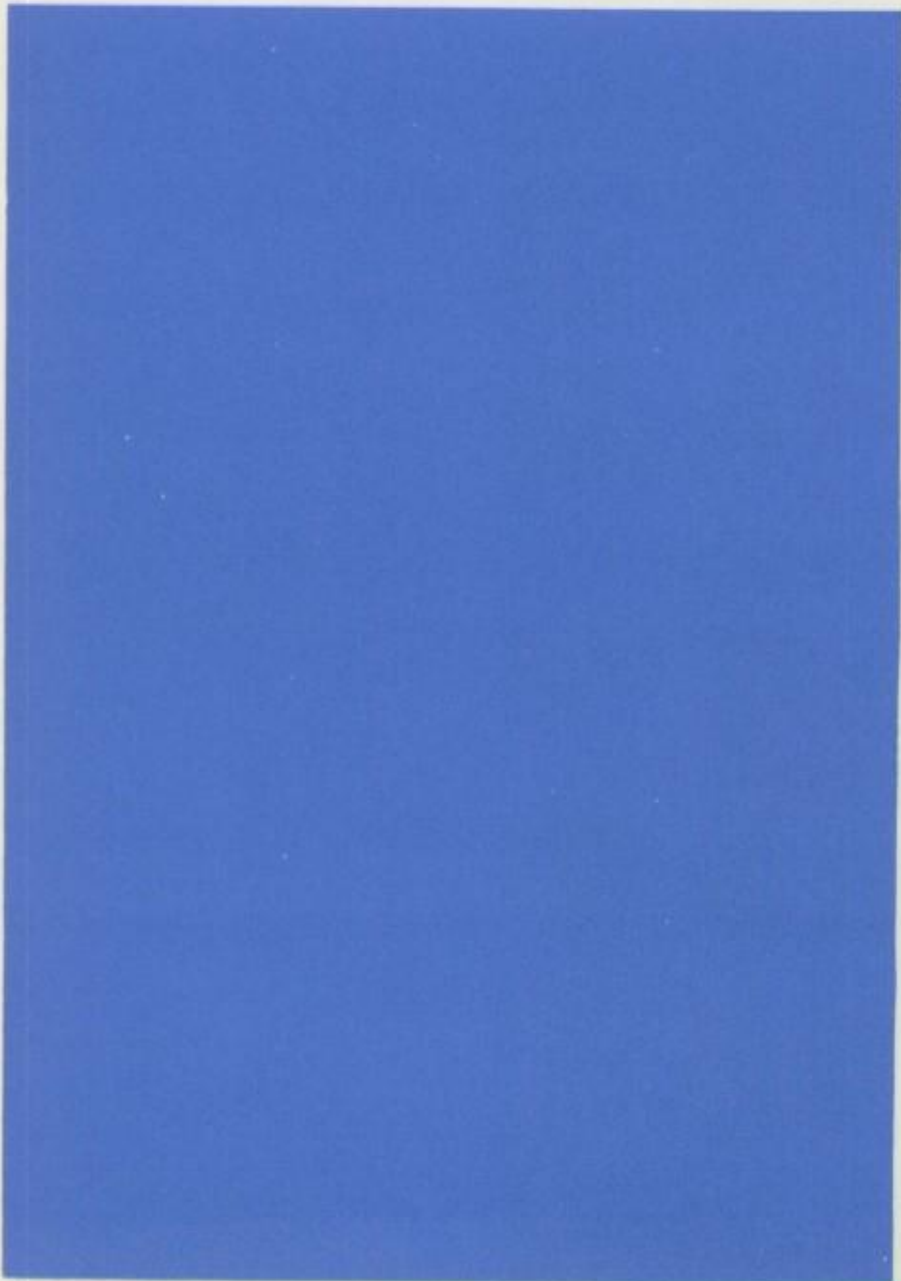

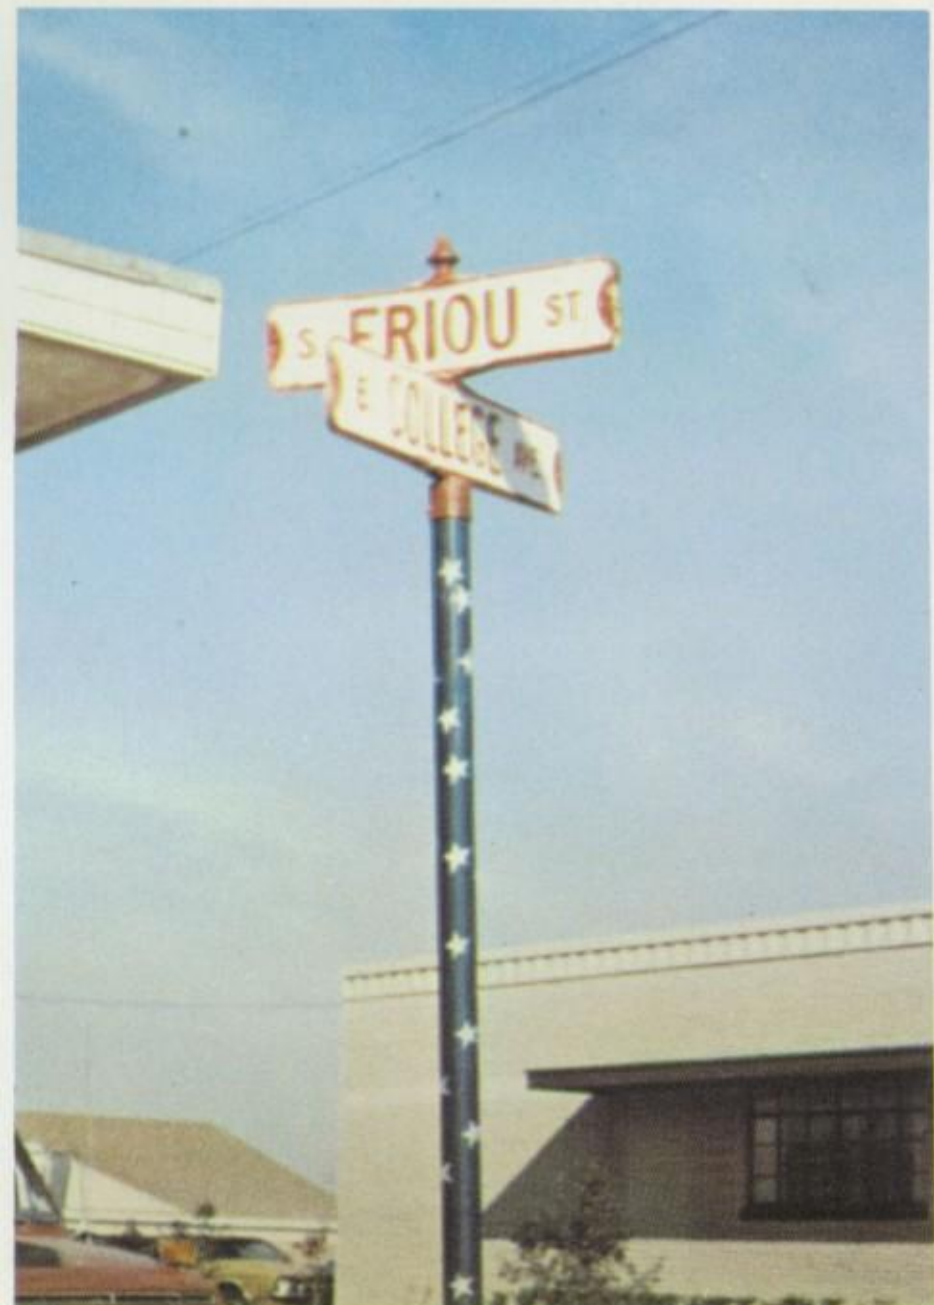

Yet as the years rolled by, that spirit began to fade. A civil war split America and the spirit. The spirit seemed to be submerged underneath hate and revenge. Yet, the United States of America and that certain spirit survived.

"The Spirit of '76" lives. It lives because of America. From the shot round the world, to the nation's two hundredth birthday "The Spirit of '76" lives. Through disappointment and heartbreak, through war and peace, "The Spirit of '76" lives. With promises and dreams—"The Spirit of '76" lives.

The faith that set us free as individuals and as a nation still exists today. Americans young and old are getting more and more into "The Spirit of '76." Seeing the red, white, and blue waving high in the sky helps generate that spirit which is so important in keeping this nation and community going. If faith existed so strongly 200 years ago, just think what it could do for us, as Americans today.

Alvarado HIGH SCHOOL
BONFIRE THURS
HOMECOMING FRI
BEAT CROWLEY

ACTIVITIES

Once many years ago someone said "United We Stand, Divided We Fall" about our country. It is also very true not only for the United States, but also for Alvarado. Pep Rallies are thirty minutes of getting out of class, but there is much more. There are thirty minutes of cheerleaders directing the student body in yells and of the band keeping up the spirit. Then it's up to the football players to take the spirit from the students onto the field. No team can win without support. The Pep Rallies provide that support. "United We Stand, Divided We Fall."

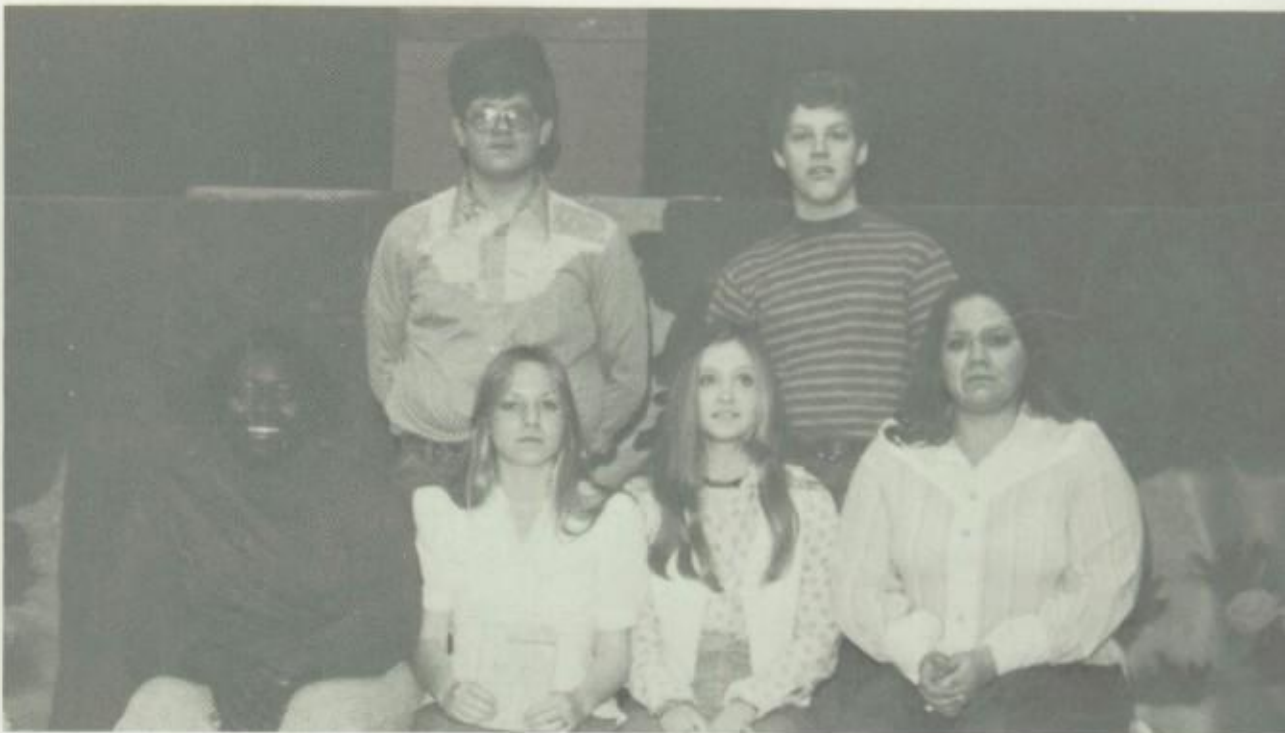

Bonfire '76

It's a day that seems to last forever. For eight hours the Seniors loaded and unloaded trucks full of wood. The Seniors worked hand and hand for one reason. They wanted to have the biggest and best Bonfire. The Bonfire of '76 topped all the ones in the past.

As the Bonfire of '76 began to burn down, tears rolled down! Some were crying from sheer exhaustion, yet most of the tears came from the realization that one moment in the memorable life as a Senior in high school was over.

"The Ransom of Red Chief"

The Junior Play of 1976 was "The Ransom of Red Chief". The exciting story was centered around a boy Red, portrayed by Dusty Crocker. Red lives with his uncle who is extremely rich and stingy!

Red, who calls himself Red Chief, is kidnapped and action begins from there! Red is such a holy terror that the question soon becomes—Will Red's uncle pay to get him back or will the kidnappers pay to get rid of him. The play, of course, ends happily. Red is back with his uncle and newly arrived cousin.

The play was a terrific success. Each member gave one hundred percent. The Juniors especially want to thank their sponsors, Ms. Gleason and Ms. Duce.

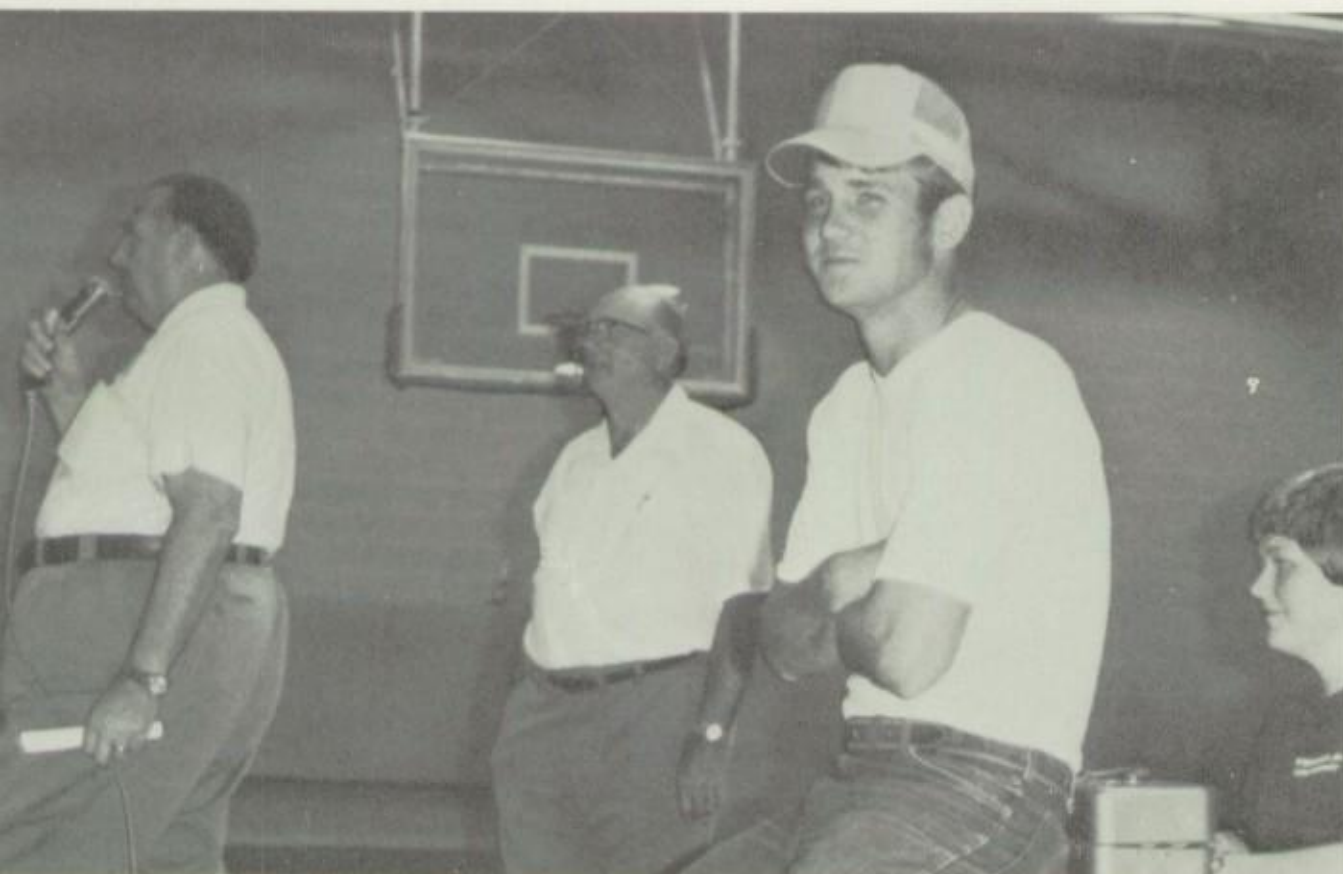

Senior-Faculty Ball Game

The ball game is sometimes called a comedy. Other times it is a truly tough and rough sport putting the faculty against the Seniors. The Senior girls of '76 were victorious over the women faculty. The Senior boys fought hard yet were defeated by the men faculty.

This year new dimensions were added to make the night more exciting. They had a cake auction. This is plus the other events added to the excitement of the Senior-Faculty ball game of '76.

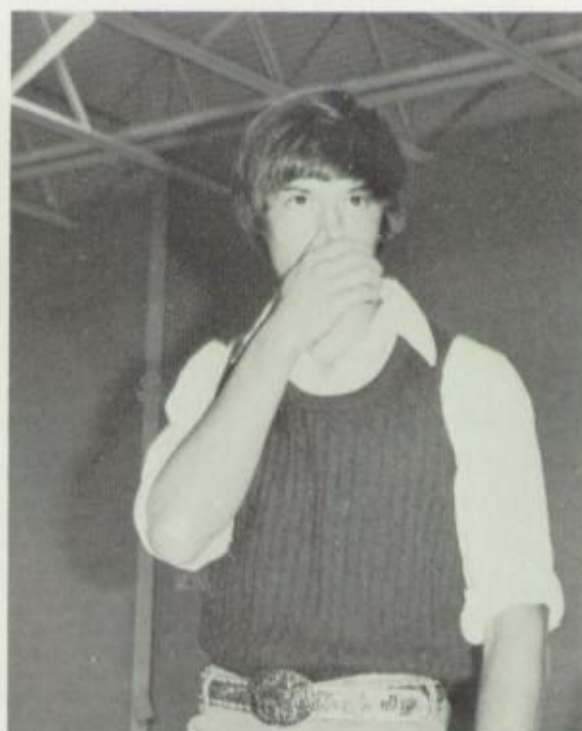

Slave Day

The Slave Day of 1976 was April 15. It was a great success. Seniors, sponsors and the interested public all combined to help the Seniors make over \$1700. This was a record breaking amount.

The anxious Seniors stood waiting to be auctioned. Very slowly they walked to the middle of the gym. Nancy Harris stood in the middle of the gym turning red as the budding rose. She brought the highest price—\$175. After the auction was over all Seniors went with their buyers and worked very hard.

The Mice Have Been Drinking Again

Alvarado High School's One Act Play was a hilarious comedy with a very professional cast. The One Act Play participated in District U Contest. Mike Brook, one of the actors, won Honorable Mention for his part as Jerry Reed. The cast included Mike Brooks, Jill Sledge, Susie Smith and Lorenzo Guitierrez. They did a tremendous job with the help of their sponsor, Miss Huggins and alternate Pat Brooks.

The play is about Jerry and Julie Reed who are happily married living with Julie's cousin, Roxanne Conner. Roxanne is a scatter-brain who likes to meditate. They fix Roxanne up with a fake guru, but everything ends happily. They fall in love and the story ends happily.

Dusty Crocker

JoAnn Brooks
Paula Wilkinson

Sabra Miller

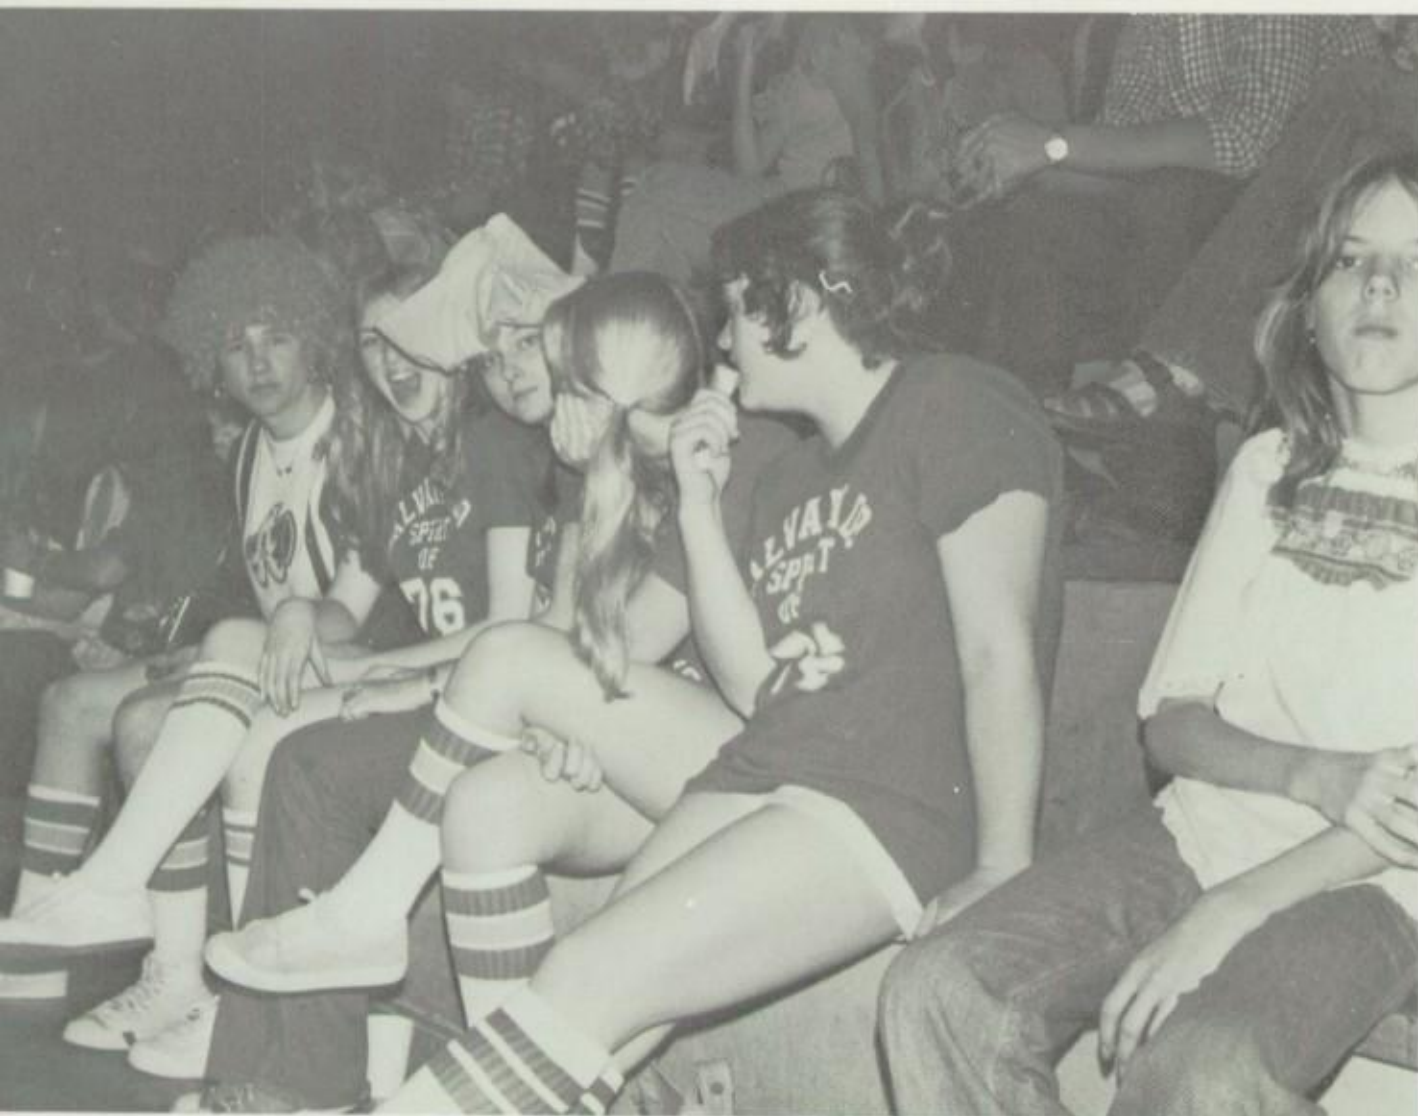

U. I. L. Participants

A lot of hard work was put into the 1976 UIL Literary Events. The University Interscholastic League Events were held at Weatherford College. A first place was won in the Debate Contest by Paul Wilkinson and JoAnn Brooks. Dusty Crocker placed third in Headline Writing and Poetry Interpretation. Sabra Miller won third in Spelling.

These four students accompanied by their sponsor, Miss Duce attended Regional Contest at University of Texas at Arlington. Though they didn't place they had fun and learned very much.

Thanks For The Memories '76

This has been a trying time, a crying time, and a living time for us

It's been rough, because we know we've got to grow up

As we think of what we've done being with good friends and having fun

We recall with a smile and a trace of a tear, thinking over the events of the year

These are moments, precious moments we can't relive or bring back

Thanks for the memories '76

Looking back we can see and it seems like yesterday

Volleyball season, coming home on the bus

Laughing and people staring at us

Football games on Friday night

The bonfire, the prom

Just walking down the hall, acting like we knew it all

Laughing and always being able to smile

Oh Yeah, We remember it all

These are moments, precious moments, we can't relive or bring back

Thanks for the memories '76

Sometimes we sit and talk, and if you recall we've thought about it all

We've figured out what we've been and we know what we are

We even tell each other maybe someday we're going to go far

These are moments, precious moments we can't relive or bring back

Thanks for the memories '76

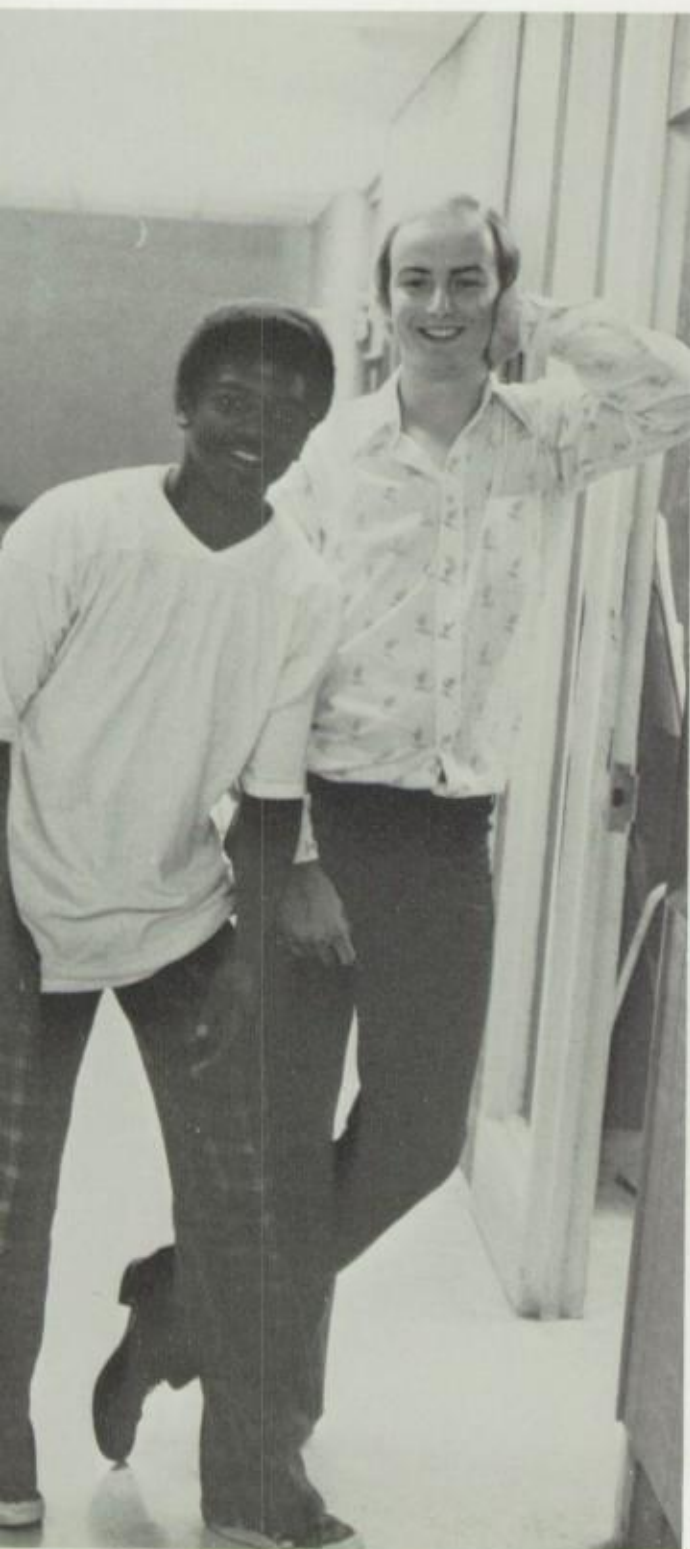

It's sad to think and even harder to say, someday we'll be going separate ways

As time goes on, new things begin, old things end

But that can't change the fact that we've all been friends

These are moments, precious moments, we can't relive or bring back

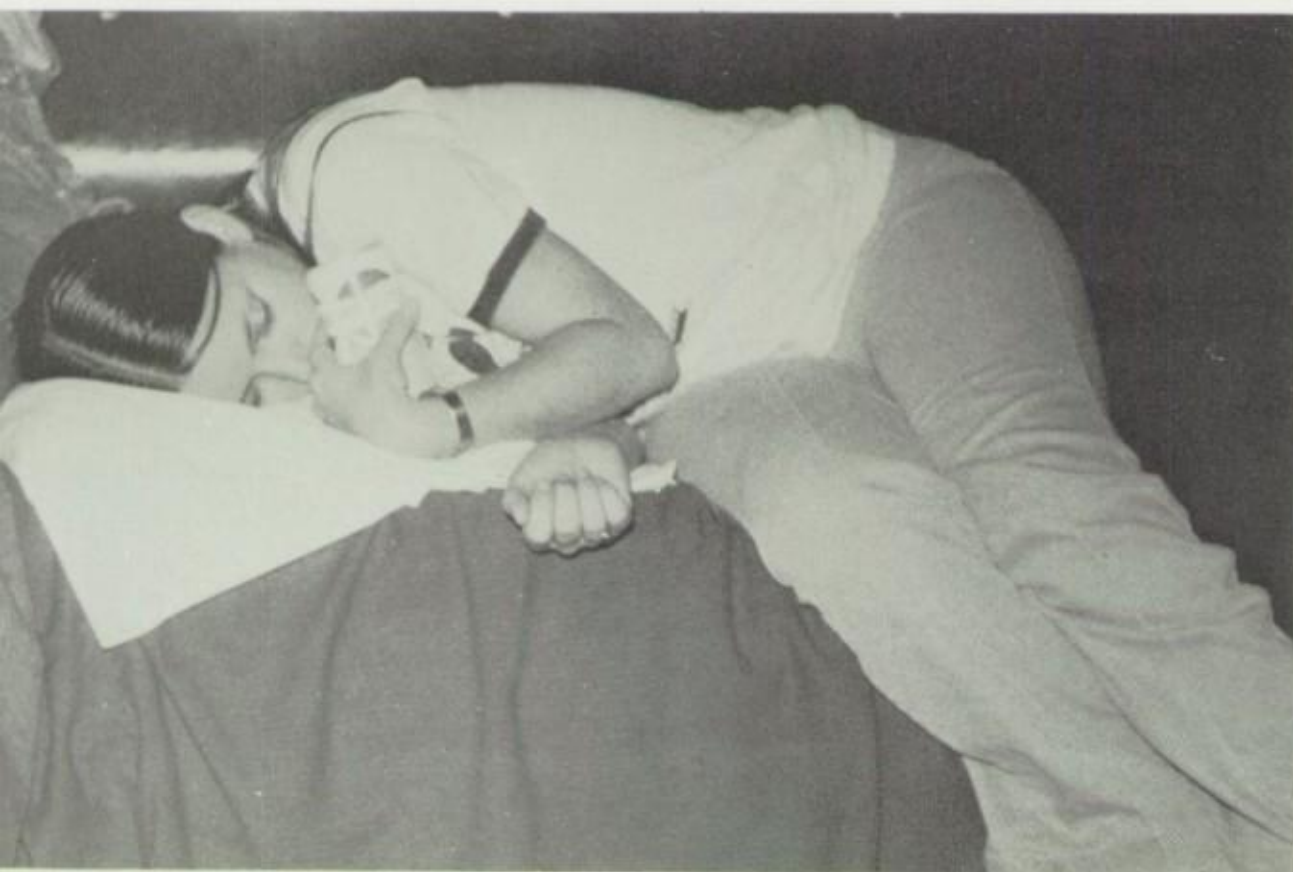

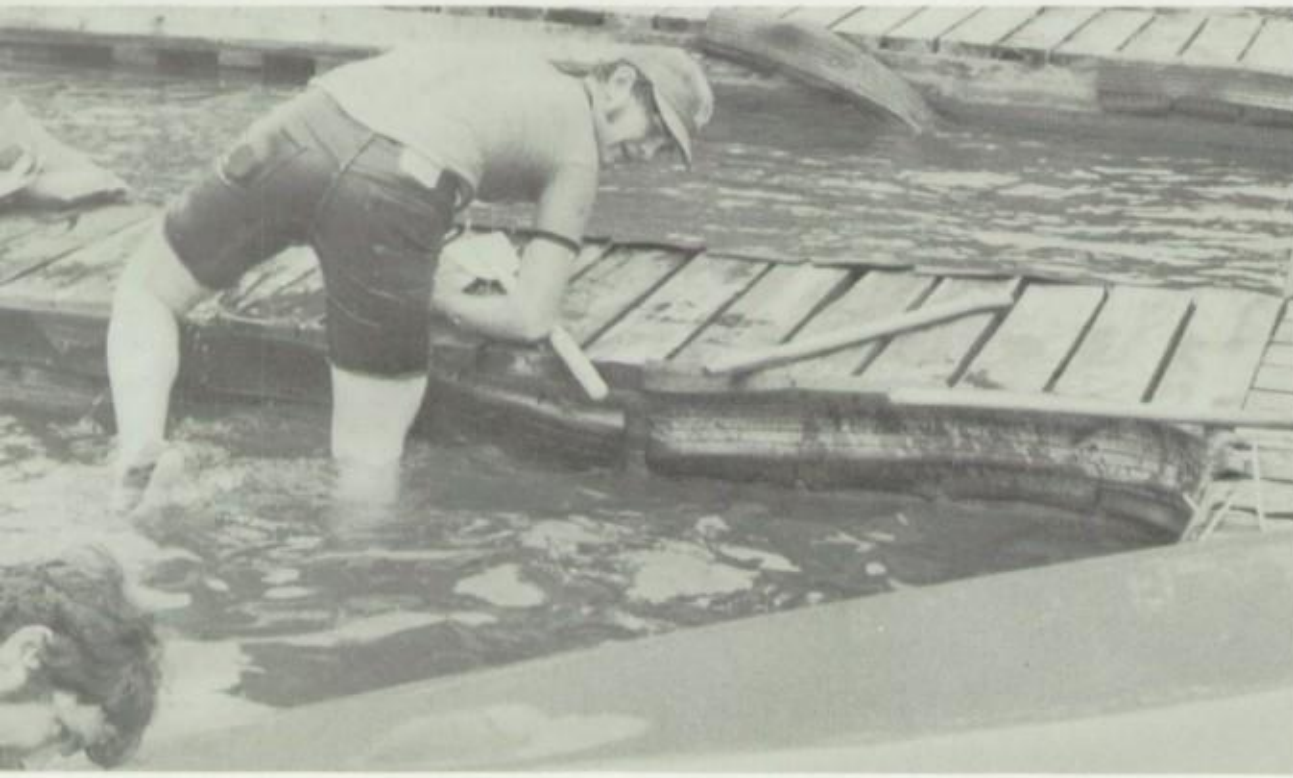

Thanks for the memories '76.

Salutatorian Speech

Miss Sabra Miller—Salutatorian

Members of the administration and faculty, parents, fellow seniors, and friends, I would like to take this opportunity to welcome you to this ceremony that is the culmination of twelve years of hard work, the 1976 Graduation Exercises of Alvarado High School, for you have all played an important part in making this moment finally arrive.

We have long been told that this is where our lives really begin. However, I see it also as an ending to an important era in our lives.

All of us can remember our first day of school; that most important day when we began that part of our education which included much more than math and spelling. We learned about other people and how to get along with them and our minds were opened to a world we had never known was there.

In our years of Elementary school and Jr. High we lived and grew together day after day, making friends that would last all through our school years and we each have individual memories that will always stand out in our minds.

Even as we looked forward to graduation, we hardly thought to call ourselves the class of '76. It was when we were freshmen that the nation began to plan for the Bicentennial and we realized how lucky we were to be the Bicentennial Class—the class that would look back over 200 years of national glory and, at the same time, look ahead to a new beginning.

The years since then have been filled with special times and always a special atmosphere that results from being able to walk down the halls and say "Hi!" and call by name everyone you meet.

Whether it was in cheering our football team, our working at the board under Miss Duce's supervision, we felt a special closeness and friendship which can only exist among long-time classmates in a small school. With sadness we realize that there will never again be that closeness, but we have the memories and the friendship to take with us as we leave high school and step forward into that new beginning.

So, once again, let me, speaking for all of us, welcome you to our graduation and thank you for always being there to remember with and to help us look forward into that bright tomorrow.

Valedictorian Speech

"We dare not forget today that we are the heirs of that first revolution. Let the word go forth from this time and place, to friend and foe alike, that the torch has been passed to a new generation of Americans—born in this century, tempered by war, disciplined by a hard and bitter peace, proud of our heritage—and unwilling to witness or permit the slow undoing of those human rights which this nation has always been committed to today, at home and around the world . . ." The energy, the faith, the devotion which we bring to this endeavor will light our country and all who serve it—and the glow from that fire can truly light the world . . .

Those memorable words were spoken by President John F. Kennedy at his inaugural ceremony in 1961. President Kennedy was describing a new generation. A unique generation that had elected him President of the United States of America.

President Kennedy's words can be applied to this generation sitting on the stage, the Seniors of '76. We, Seniors, have very much in common with that generation of Americans who elected Kennedy President. Also, we have much in common with that first generation of Americans, those brave colonists who fought for independence.

Those brave colonists had their hopes, dreams and fears. Tonight, we have those hopes, dreams and fears as we live behind the last twelve years of our lives.

The colonist were underdogs to the great British Empire. But as Kennedy said, with faith, energy and devotion it can be accomplished. With those three traits the colonist won their independence and became the United States of America.

Energy, faith and devotion—the three traits that can help you accomplish almost anything. Without energy, faith and devotion we would not be graduating.

Without faith—to believe that we would accomplish those twelve years—would we be here tonight. Without energy—would we have had the strength to get through those twelve years. Finally, without that beautiful devotion of our parents and our devotion towards school—we Seniors would not be sitting here tonight ready to graduate.

Faith, devotion and energy three elements that helped establish our country and helped us through twelve years of school.

Faith—belief in God, yourself, your actions and your friends is what faith is all about. A quote from the book LEAVES OF GOLD says, “Faith laughs at impossibilities and says it shall be done.” Faith in self, country and actions—makes the impossible possible. With faith we as Seniors have the ability to do work. As Freshman we had the faith we would achieve four years of school. With faith you have the belief that the impossible is very possible.

Yet, something else is needed, besides faith. You need energy. The dictionary definition of energy is strength or the ability to do work. Working at a task and putting all of your energy into it, makes that task possible. Without the energy and faith of the coaches and players would Alvarado Indian football team have won any games? Faith and energy are both needed, they work together. They are related as practice and principle are related.

The final element Kennedy mentioned was devotion. If you aren’t devoted, then faith and energy aren’t enough. Devoting yourself to whatever the task and devoting your actions make that impossible task, very possible. The devotion of your friends, relatives and especially your parents make the future less uncertain. To know that they are behind you makes the future years less uncertain. Finally, the devotion towards God, made the future seem brighter.

Yes, we are a new generation. We are the Senior class of this bicentennial year of our nation. As Kennedy said, the torch has been passed to this new generation. We can either make the next two hundred years better or worse.

As Seniors we begin to carry the torch that the last generation is handing to us. Hopefully we can fulfill Kennedy’s prophecy: “the glow from the fire can truly light the world.”

None of those colonist knew the small country would grow into the great nation it is today. Yet with faith, energy and devotion they made it possible. Those colonist had their dreams, hopes and fears.

Yet they succeeded. Tonight, as we look back, we remember the dreams, hopes and fears we had as freshmen. Though through faith, energy and devotion, we made it through those four years. From those four years we will always have the precious memories; the football games, trips and classes where we struggled to make a good grade. We have dreams, hopes and fears. They are different dreams, hopes, and fears. Yet with faith, energy and devotion we can accomplish many of our hopes and dreams. We can also conquer those fears.

So tonight, we as the Senior class of 1976 are ready to carry the torch toward the future. We are leaving behind the last twelve years of our lives, yet we are carrying something very precious with us—those beautiful memories of our hopes, dreams and the beautiful memories of our high school and the Senior Class of Nineteen hundred seventy-six.

Warrior Staff 1976

As we look back in the past yearbooks all of the editors seem to have the same principle idea. To try to preserve a few of the memories of the seniors last year or make a good impression on the freshmen. This year as the staff, we have had the privilege of trying to put together a yearbook to commemorate the bicentennial year. In our small way of celebrating our nations 200th birthday the thirteen staff members of '76 tried to promote the bicentennial spirit in several different ways. Red, white, and blue locker decorations and Spirit of '76 t-shirts were constant reminders of our patriotic feelings. The red, white, and blue day gave an opportunity to proudly wear the colors of their nation. The staff takes pride in presenting our commemorative bicentennial edition of the 1976 Warrior.

Golden Warrior Band

To be drum major of a band the size of ours might not seem to be too big a job. I wondered myself sometimes why I was doing it. Now I find that it helped to make me a more responsible person.

There were many times when I was kept in charge and really didn't know what was expected of me. In cases such as these I tried to use my best judgment and handle things to the benefit of the rest of the band. Throughout my three years leading the band one thing I learned very quickly was that the job of the band director is a very difficult one. It is not easy to keep up with eighty band members in line every Friday night when there are other places they would rather be than under the wing of Mr. Thronburg and me. I am now very proud to have held the position as long as I did and I hope that all the yelling and whistle-blowing did someone else good as I know that it made me a much stronger individual.

Ms. Nancy Harris
Drum Major

Mr. Paul Throngburg
Band Director

Susie Smith—Senior

Looking back at last years football season, it seems like it can't possibly be over. The hard work of going to summer classes preparing for the fall and worrying each week about the pep rallies and the game on Friday night. It all goes so quickly, but just having the precious memories make all the work and worry worthwhile.

The goal of being prepared to go into the business world after graduation can be achieved through the Distributive Education program. Known as "D.E." throughout the United States, Distributive Education gives a young person the opportunity to learn about marketing, wholesaling, and retail techniques. "D.E." gives a student an opportunity to learn while in high school and be paid for this time of learning. Hopefully, the student will gain some practical experiences that will help them learn after graduation.

Della Ranne
Senior

A goal for the Indians.

Anna Winkfield
Sophomore

Tammy Bates dribbles around a Mansfield guard in the first game of the Mansfield tournament. Bates was high point in the game.

Beth Bearden
Junior

Bearden moves to an open spot in post position.

Charlita Smith
Sophomore

Tammy Bates
Sophomore

Bates shoots two against Cedar Hill.

Nancy Harris
Senior

Guards race past the Lake Worth girls to get the ball to waiting Indian forwards.

Kay Gattis attempts to block shot.

Laurie Cherry
Junior

A pass is received by Cherry in Crowley game.

Cindy Mathis
Senior

Tina Biggs
Junior

Biggs dribbles toward the basket.

Neesie Stewart
Senior

Confusion mounts as the play begins in a home game with the Kennedale Wildcats.

Kay Gattis
Junior

Gattis reaches high for a rebound.

Lisa Ranne
Senior

Top row: Sandra Cox, Kelly Hardee, Dana Abshire, Diane Mitchell, Valerie Stephens, Pam Hunsucker, Carol Cherry. Second row: Nancy Montgomery, Diane Rambo, Jill Sledge, Tammy Polk, DeDe Cronkrite.

Junior Varsity Girls Basketball

Diane Mitchell out-jumps Moore, No. 22, a Crowley guard. The Indians were defeated 32-51.

Golf is a new sport that is growing. This group of young men, are pioneers in that they are trying to be recognized in a sport that has received little attention. It will take much time and effort on the part of the people involved, but the year will come when golf will be a widely recognized spring sport. Perhaps the boys that are in the golf program this year, will see that golf will soon be big time sports news at Alvarado High.

Congratulations goes to Johnnie Simmons for his hard work in becoming a regional qualifier in boys golf for 1975-76.

"The Spirit of '76

Lives On"

The Spirit of '76 is yesterday, today, and not knowing if we have tomorrow, but knowing we've had 200 years of God's blessings and there's still a star spangled banner waving.

The Spirit of '76 began 200 years ago when Declaration of Independence was signed giving the rights of man to "life . . . liberty . . . and the pursuit of happiness."

The people of America like the people of our town and school make it what it is today. We the people are the "Spirit of '76," what we believe in and what we live for.

IN CONGRESS, JULY 4, 1776

The unanimous Declaration of the thirteen united States of America

When in the course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation. — We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence indeed will dictate that Governments long established should not be changed for light and transient causes; and accordingly all reference hath hitherto been to past wrongs, and not to future miseries. But when a long train of abuses and usurpations, pursuing invariably the same Object, evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world. — He has refused his Assent to Laws, the most wholesome and necessary for the public good. — He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained, and when so suspended, he has utterly neglected to attend to them. — He has refused to pass other Laws for the accommodation of large districts of People, unless those People would relinquish the right of Representation in the Legislature, a right invaluable to them in proportion to the extent of their Territory. — He has called together legislative Bodies at places unusual, uncomfortable, and distant from the depository of their Public Records, for the sole purpose of fatiguing them into compliance with his measures. — He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the People. — He has refused for a long time after such dissolutions, to cause others to be elected: whereby the Legislative Powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within. — He has endeavored to prevent the Population of these States; for that purpose obstructing the Law for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands. — He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary Powers. — He has made Judges dependent on his Will alone for the tenure of their Offices, and the amount and payment of their salaries. — He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our People, and eat out their substance. — He has kept among us, in times of peace, Standing Armies, without the Consent of our Legislatures. — He has affected to render the Military independent of and superior to the Civil power. — He has combined with others to subject us to a jurisdiction foreign to our Constitution, and unacknowledged by our Laws; giving his Assent to their Acts of pretended Legislation: — For Quartering large bodies of armed troops among us: — For protecting them by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States: — For exercising a power of suspending the Habeas Corpus without the benefit of our Laws: — For depriving us in many cases of the benefit of Trial by Jury: — For transporting us beyond Seas to be tried for pretended offences: — For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to make it at once an example and fit instrument for introducing the same absolute rule into these Colonies: — For taking away our Charters, abolishing our most valuable Laws and altering fundamentally the Forms of our Governments: — For suspending our own Legislatures, and declaring themselves invested with powers to legislate for us in all cases whatsoever. — He has abdicated Government here, by declaring us out of his Protection and waging War against us. — He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our People. — He is at this time transporting large Armies of foreign Mercenaries to complete the works of death, desolation and tyranny already begun with circumstances of cruelty, barbarity, and insupportable cruelty in the most barbarous ages, and totally unworthy the Head of a civilized nation. — He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands. — He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers the merciless Indian Savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes and conditions. In many stages of these Oppressions We have petitioned for Redress in the most humble terms: Our repeated Petitions have been answered by repeated injury. A Prince, whose Character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free People. Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their Legislature to extend an unwarrantable Jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native Justice and Magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of conjuncture. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends. — We therefore the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. — And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.
